7 Things Every Mother Should Teach Her Son is a Straight-Talk, No-Nonsense guide written to encourage single mothers who have the daunting task of raising their sons without their fathers being around. Darrell King shares real life examples and seven simple, but powerful concepts that will give every single mother who reads this book and applies the knowledge a major advantage over those who do not. This book does not minimize the importance of a father being in his sons life. However, it gives single women who have no choice but to try to fill the roles of mom and dad the insight and support needed to raise strong, wholesome and highly respectable sons. A portion of the proceeds from the sales of this book will go to (TMM) The Missing Man, Incorporated, a 501c3 nonprofit organization established to encourage and support single mothers by helping to motivate and mentor their sons.
