

City Compass Romania: Bucharest & Beyond, 2016: The Feel-at-Home guide to Romania. Enjoyed by tourists, expats and locals.

More than 25 years since the fall of Communism, Romania seems to have truly come of age. This 8th yearly edition of our guide dives into the past to reveal the old, the forgotten and the recently remembered, and highlights changes in the Romanian society from arts and culture, to politics and social life. Highlights: Back to Romania - Letters from Repats; Culture, traditions and places; Multicultural Romania; Changing times: society, politics, justice. We're not forgetting the practical sides of life - our regular chapters with places to visit across Romania have been updated, and so has been the Bucharest directory, including the highlighted Old Town, and Pipera - the expat neighborhood.

The expat letters in the beginning of this book bring diverse views of Romania, and so do the practical features such as life in the Romanian countryside, opportunities for expat spouses, or inspiration for family life in Romania, among many others. The updated business directory contains places and businesses we recommend, or which come highly recommended by the community: restaurants, hotels, shopping, education, transport, home & much more.
