

Oblivion: Lux Series #1.5

I knew the moment Katy Swartz moved in next door there was going to be trouble. Lots of it. And troubles the last thing I need, since Im not exactly from around here. My people arrived on Earth from Lux, a planet 13 billion light-years away. Plus, if theres one thing I know, its that humans cant be trusted. We scare them. We can do things they only dream about, and honestly, we make them look weak as hell. Cuz they are. But Kat is getting to me in ways no one else has, and I cant stop myself from wanting her - or wanting to use my powers to protect her. She makes me weak, and Im the strongest of our kind, tasked with protecting us all. So this one girl might mean the end for us. Because the Luxen have an even bigger enemy - the Arum - and I need to stay on my game. Falling for Katy - a human - wont just place her in danger. It could get us all killed, and thats one thing Ill never let happen.
